PARALUMI E ILLUMINAZIONE

## PARALUMI CUSTOM - MADE

La Ipsilon paralumi nel tempo si è specializzata nella produzione dei cosiddetti **paralumi custom-made** e quindi fatti esclusivamente su misura del cliente, sempre rigorosamente al 100% Hand - Made in Italy (paralumi al 100% fatti a mano in Italia).

Ci riteniamo degli **artigiani esecutori di idee** in quanto siamo in grado di realizzare al meglio qualsiasi progetto proposto dal cliente, sempre **rispettando le scadenze di consegna**, anche in tempi strettissimi.

Utilizziamo macchinari per il taglio e la stampa dei tessuti, rigorosamente accoppiati a pvc ignifugo in classe 1, di ultima generazione e che garantiscono una precisione micrometrica sui nostri paralumi.

Oltre ai classici paralumi in tessuto realizziamo **paralumi stampati e pubblicitari** personalizzabili con loghi o grafiche a scelta del cliente.

L'ultima novità della nostra azienda è la produzione, sempre realizzata internamente, dei **paralumi in Plexiglas®**.

## CUSTOM - MADE LAMPSHADE

Over the years, Ipsilon paralumi has specialized in the production of the so called **custom-made lampshades** 100% Hand - Made in Italy and customized exclusively upon customer' s request..

That is why consider ourselves as **skilled craftsmen able to create and shape the ideas** of the most demanding clients, always **meeting the delivery dates**, even with very short deadlines. Indeed, our latest generation machinery for cutting and printing class 1 fireproof PVC coated fabrics achieve a micrometer accuracy.

Besides classic fabric lampshades we manufacture **printed and advertising lampshades** that can be personalized with any graphics or logo.

The latest in-house innovation of Ipsilon paralumi is the production of **Plexiglas® lampshades**.

## PARALUMI STAMPATI - PRINTED LAMPSHADE

La Ipsilon paralumi è dotata di un **impianto di stampa specifico per i tessuti accoppiati a pvc**, così da poter personalizzare direttamente ciascun paralume con loghi, scritte, foto o disegni forniti dal Cliente.

Siamo così in grado di realizzare **paralumi stampati personalizzati** di altissima qualità, anche di grandi dimensioni, e su misura del cliente.

Possiamo realizzare paralumi stampati partendo da tessuti diversi (tutti rigorosamente accoppiati a PVC ignifugo in classe 1) come ad esempio cotone, chinetto, lino, juta, siderale (tessuto microforato), o da materie plastiche come PVC, policarbonato e Plexiglass.

Siamo inoltre in grado di creare dei paralumi stampati realizzati con la **tonalità di colore Pantone o RAL desiderato**.

La nostra produzione di paralumi stampati è **personalizzabile al 100%** e ci permette di creare qualsiasi effetto di luce richiesto dall'Architetto.

Ci proponiamo per la realizzazione di **paralumi pubblicitari** stampati 'custom made' per stand fieristici, negozi, catene alberghiere, allestimenti artistici, mostre ecc.

Ci siamo specializzati nella produzione di **lampade-bottiglie promozionali** per aziende vinicole, di liquori e distillati, con relativo paralume pubblicitario personalizzato stampato con logo Cliente.

Our **printing machinery specific for PVC coated fabrics** enable us to customize each lampshade with logos, writing, pictures or drawings provided by our customer.

We can produce high quality **personalized printed lampshades** according to personal specifications, also available in an oversized version.

We create printed lampshades starting from different fabrics (each coated with class 1 fire-proof PVC) like cotton, chinette, linen, jute, siderale (microperforated fabric) or plastic materials such as PVC, polycarbonate and plexiglass.

Moreover, we can provide printed lampshades with **the desired pantone and RAL color tone**.

We are able to create any light effect requested by architects as all of our lampshades are 100% customizable.

We are also available to produce custom -made **advertising printed lampshades** for shops, hotel chains, exhibitions in general, etc.

We specialize in the production of **promotional bottle lamps** for wineries and liquor and spirits distributors, personalizing their advertising lampshades with the customer's logo.

# PARALUMI POLICARBONATO – POLYCARBONATE LAMP SHADE

La Ipsilon paralumi è in grado di tagliare e di realizzare **paralumi in policarbonato da esterno**, resistenti alla pioggia ed alla neve ed agli sbalzi termici.

I telai dei nostri paralumi in policarbonato da esterno sono realizzati con **ferro zincato** e poi verniciati al fine di evitare una rapida ossidazione e la formazione di ruggine anche in condizioni estreme di salsedine e umidità

Il policarbonato che usiamo per i nostri paralumi da esterno è trasparente satinato, ma **può essere stampato con il colore, la trama, il logo o il disegno anche fornito dal cliente.**

Ipsilon paralumi is able to cut and manufacture **polycarbonate lampshades for outdoor**, impervious to rain, snow and temperature fluctuations.

Our polycarbonate lampshades frames for outdoor are made of **galvanized iron** and then varnished in order to prevent a rapid oxidation and rusting even in extreme conditions of humidity and salt air.

We use a transparent satin finish **polycarbonate that can be printed with any colour, texture, logo or drawing provided by the customer.**
